Advanced Storyline Training

Overview

This **practical** and **hands-on** two-day course is designed for Storyline users that are ready to get more **creative** with their content. You will learn how to maximise the **advanced features** of Storyline, in the **smartest** way possible.

The best practices in this course are **industry secrets**, based on what some of the best Storyline designers do to create engaging eLearning without **overcomplicating** the build.

The course covers **modern** and **effective** gamification, advanced media, advanced variables and how to re-think your text in creative ways to avoid boring, text heavy slides.

Course Objectives

Develop your Storyline course structure, saving you time and improving your learners' experiences.

Apply gamified scenario-based learning.

Use more effective and compelling ways to showcase your content by utilising tips from the experts.

Training Agenda Overview

A 2-day course to improve your learners experience by working smarter not harder using Storyline 360

Day One

- ✓ Rethinking your Text
- ✓ Course Setup and Customisation
- ✓ Advanced Media

Day Two

- ✓ Creative Innovation Workshop
- ✓ Bespoke Navigation
- ✓ Mobile Learning and File Sizes

Course Outline

MODULE ONE

Rethinking Your Text

Move away from **text-heavy** slides and discover how experts creatively use Storyline to **captivate** their audience.

- Use creative, **advanced layers** instead of bullet points
- Unveil further information **interactively** with sliders and dials
- Encourage **independent** thinking with freeform questions and informal quizzing

MODULE TWO

Course Setup and Customisation

Master the steps to boost learner engagement through **gamification**, aligning your course with your brand and instructional goals.

- Increase **learner engagement** through cognitive and motivational gamification
- Discover how to design branching scenarios, and implement **badges**, points, and rewards
- Explore examples and builds that **demonstrate** endless possibilities

MODULE THREE

Advanced Media

Master the techniques to enhance **learner engagement** by **creatively** presenting media in Storyline 360.

- Experiment with 360° images to create **immersive** virtual tours
- Elevate your videos by creating **interactive** content that actively engages learners, rather than just having them watch passively
- **Explore** tools and resources to assist you

Course Outline

MODULE FOUR

Creative Innovation Workshop

Demonstrate your new skills in a **hands-on** live review session with your trainer, receiving **real-time** feedback and guidance.

- Further **apply** your learning by creating Storyline slides in real-time using everything you've learned
- **Present** your creation to the trainer and your cohort peers
- Receive **personalised** feedback and guidance

MODULE FIVE

Bespoke Navigation

Learn the benefits of using **custom-designed navigation** menus and controls to fit the needs of your course.

- Customise Storyline **Master Slides** to guide learners through specific directions and learning paths, ensuring a structured and cohesive **learning experience**
- **Tailor** the navigation and layout of Master Slides to align with your brand

MODULE SIX

Mobile Learning and File Sizes

Designing for mobile learning and managing larger files requires **unique considerations**. With our years of experience, we'll guide you.

- Learn **expert tips** on how to design with mobile in mind for a seamless user experience
- Learn how to manage larger files to prevent performance issues, and discover **optimisation techniques** that maintain high quality

Prerequisites and format

This is an **advanced** Storyline course, meaning attendees need a good working knowledge of the software. All delegates should have intermediate experience of using Building Blocks in Storyline - Slides / States / Layers / Triggers and basic understanding of variables.

This course is suitable for both Storyline 3 and Storyline 360 users.

Course format and dates

Format and delivery: 2-day instructor-led, Virtual and In-Person sessions available.

All attendees will need:

A version of **Storyline installed** and ready to use

A Storyline course they have created that they can use in the course.

The trainer was **really knowledgeable** and as well as showing us the **advanced features** of Storyline, she also gave really useful hints and **time-saving** tips.

The trainer was really good at explaining **why and how** things worked. Rather than just demonstrating how to do something - which really helps to **embed** what we have learned today.

Lisa Banks
Instructional Designer, BAM Nuttall

The training was very helpful! **I learned so much!** The instructor was wonderful, very easy to understand, patient, and kind! The demos were followed by hands-on time to put what we learned in practice.

The trainer was very **patient** and **kind**. She went at a great pace and made sure none of us were left behind. She is very **knowledgeable** as well!
