

Articulate Rise 360 Training

Get hands-on experience from the UK's only Articulate certified training partner.

Overview

Transform your eLearning content with our intensive 1-day Rise 360 training course. Master the art of creating and customising courses, navigating through the block and content libraries, and exploring advanced features through practical experience.

Discover the potential of immersive, visually captivating eLearning. Create engaging scenarios, knowledge checks, and interactive blocks, while exploring techniques for reducing cognitive load and implementing microlearning strategies. Push the boundaries of Rise 360 to meet modern learning expectations and be inspired throughout the training with amazing examples.

Gain insider knowledge from expert trainers on best practices for exceptional Rise 360 courses. By the end of the day, you'll be ready to publish, manage, and deliver top-notch eLearning experiences that stand out in the competitive market.

Course Objectives

Discover

Apply your new knowledge and skills to create content on Rise 360, including interactions and quizzing.

Increase

Increase learner retention and engagement by creating Rise 360 courses with the WOW factor.

Build

Build beautiful Rise 360 blocks, utilising the skills and knowledge transferred throughout the day.

Included in the course

A personalised course completion certificate from Omniplex Learning.

Access to the Omniplex Learning Support Team for any questions post-training.

A specially crafted online library of resources including a training guide, best practice tips, videos and eLearning examples.

Exclusive access to networking and learning events with the Omniplex Learning Training Team and fellow training delegates.
