

# Articulate Storyline 360 Training

Get hands-on experience from the UK's only Articulate certified training partner.

## Overview

Are you new to Storyline? Have you taught yourself or in need of a refresher?

This three-day certified training course provides you with everything you need to create compelling, highly interactive eLearning courses using Articulate Storyline, that can be published and delivered to meet a variety of needs and play on a variety of devices.

The training days will focus on Articulate Storyline. From basic slides to conditional triggers and variables, we teach a practical approach to help you design your learning modules in a simple and creative way. You'll also get to experiment with the building blocks of Storyline, inbuilt and bespoke interactions, use sliders and dials, media, motion paths and explore the benefits of creating scenario - based eLearning.

## Course Objectives

### Discover

How to use conditional branching to create customised assessments and scenarios.

### Learn

How to use variables to create dynamic and personalised learning experiences that adapt to a learner's activity.

### Build

Engaging slides with media including audio, video and graphics. Easily add conditional triggers and variables.

## Included in the course

A personalised course completion certificate from Omniplex Learning.

Access to the Omniplex Learning Support Team for any questions post-training.

A specially crafted online library of resources including a training guide, best practice tips, videos and eLearning examples.

Exclusive access to networking and learning events with the Omniplex Learning Training Team and fellow training delegates.
