

**The expert skills and systems training
you need to empower your learners.**

The only certified Articulate and Vyond trainers in the UK

Articulate Storyline 360 Training

Overview

Are you new to Storyline? Have you taught yourself or need a refresher?

This three-day certified training course provides you with everything you need to create compelling, interactive eLearning courses using Articulate Storyline, that can be published and delivered to meet different needs and play on a variety of devices.

The training days will focus on Articulate Storyline. From basic slides to conditional triggers and variables, we teach a practical approach to help you design your learning modules in a simple and creative way.

You'll also get to experiment with the building blocks of Storyline, inbuilt and bespoke interactions, use sliders and dials, media, motion paths and explore the benefits of creating scenario-based eLearning.

Course Objectives

Discover how to use conditional branching to create customised assessments and scenarios.

Learn how to use variables to create dynamic and personalised learning experiences that adapt to a learner's activity.

Build engaging slides with media including audio, video and graphics. Easily add conditional triggers and variables.

Training Agenda Overview

A 3-day course to get hands-on experience from the UK's only Articulate Certified Trainers.

Day One

- ✓ Getting started with Storyline 360
- ✓ Using Slides and creating layouts in Storyline 360
- ✓ Player Settings and Design
- ✓ States, Layers and Triggers
- ✓ Adding Media and Interactive content
- ✓ Reducing development time with AI Assistant

Day Two

- ✓ Adding animations and working with the timeline
- ✓ Introduction to Variables in Storyline 360
- ✓ Text Variables
- ✓ True False Variables
- ✓ Number Variables

Day Three

- ✓ Quizzing Questions, Feedback, Results Slides and AI Assistant Quiz functionality
- ✓ Best practices for Screen Recordings and System Simulations
- ✓ Publishing Storyline 360 Courses
- ✓ Creative Innovation Activities
- ✓ Adding gamification elements and using Branched Scenarios

Course Outline

MODULE ONE

Getting started with Storyline 360

Explore the tools and features of Articulate Storyline 360 to kickstart your course creation process, including leveraging **AI Assistant**.

- Navigate between **story view** and **slide view** for effective course management
- Learn how to **customise** your workspace by undocking and redocking **tool panels**
- **Preview** slides and refine content with **AI Assistant** text features

MODULE TWO

Using Slides in Storyline 360

Navigate **key features** in Storyline 360 to create and format slides that enhance UI and UX design, including using **AI Image** functionalities.

- Learn how to insert **new slides** and customise slide properties
- Explore the **Content Library 360** for ready-made assets and use **AI-generated** images
- Integrate **slide notes** to enhance accessibility and optimise learner engagement

MODULE THREE

Player Settings and Design

Learn how to tailor the **Storyline 360 player** to align with your course objectives and branding, enhancing the overall learner experience.

- Customise **player features** like the menu, resources, and glossary
- Adjust **player settings** at the slide level for a tailored learning experience
- Explore additional **player design options** to suit your course needs and to enhance accessibility

Course Outline

MODULE FOUR

States, Layers and Triggers

Master the essential **building blocks** of Storyline 360, focusing on states, layers, and triggers to create interactive and dynamic courses.

- Understand when and how to use **slides, states, layers, and triggers**
- Learn how to add and customise **states, layers, and triggers** for interactivity
- Explore **slide layer properties** to enhance user interaction and control

MODULE FIVE

Adding Media Content

Unlock the potential of **media integration** to enhance your courses, improving learning retention and engagement.

- Discover how to use pictures and **AI Image** creation
- Incorporate **audio and videos**, adjust settings, and **add captions**
- Examine how **web objects** in Storyline integrate external content to create engaging experiences within your course

MODULE SIX

Adding Interactive Elements

Discover the use of interactive elements like **markers** and **360 images** to enhance user engagement.

- Add **markers** to an image to provide interactive points of interest that users can select for more information
- Delve into **360 images** for immersive experiences
- Incorporate **interactive elements** seamlessly into your course

Course Outline

MODULE SEVEN

Adding Animations and working with timeline

Master **animations**, **transitions**, and **motion paths** while syncing objects with audio for seamless, engaging interactions.

- Explore how **animations**, **transitions** and **motion paths** enhance learner engagement
- Design and implement **motion paths** for interactive experiences
- Synchronise **objects with audio** using the timeline to create smooth, dynamic movements

MODULE EIGHT

Using Variables in Storyline 360

Learn to use **text**, **number**, and **true/false variables** to create dynamic, personalised courses and unlock course creation potential.

- Create **text variables** to display custom messages and add personalisation for learners
- Use **number variables** to perform calculations and track values
- Insert **true/false variables** to enable conditional logic for branching and learning paths

MODULE NINE

Quizzing Questions, Feedback and Results Slides

Dive into the essentials of creating and managing **quizzes**, including different question types and features for enhanced assessments.

- Explore **graded**, **survey**, **freeform**, and **AI question** functionality
- Learn how to use **feedback layers**, customise **quiz settings** and leverage AI creatively
- Create **result slides**, remediate with **lightbox**es and summarise quiz results using **AI Assistant**

Course Outline

MODULE TEN

Branching scenarios and gamification

Create engaging learning experiences by integrating interactive storytelling and game mechanics to boost learner motivation.

- Design **branching scenarios** to enhance decision-making skills
- Implement **gamification** with points and rewards to motivate learners
- Analyse learner choices and outcomes to provide adaptive feedback and personalised learning paths

MODULE ELEVEN

Best practices for Screen Recording

Master **screen recording options** and **settings** in Storyline 360 to create effective software simulations.

- Delve into **view** mode, **try** mode, and **test** mode to design diverse learner experiences
- Evaluate best practices for **software simulations** using zoom regions, variables, and hotspots
- Optimise **screen recordings** for clarity and engagement

MODULE TWELVE

Publishing Storyline 360 Courses

Learn the process of **publishing** and using **Articulate Review 360** to **streamline** feedback and collaboration.

- Navigate the **publishing settings** to optimise quality and file size before uploading to an LMS
- Publish your projects to **Articulate Review 360** for easy sharing
- Discover best practices for using **Review 360** to gather **feedback** and improve your courses

Prerequisites and Format

Training sessions are designed for a variety of skill levels. All participants should have basic computer skills and familiarity with some of the more common user interfaces, such as PowerPoint.

All three days of training are interactive and hands-on. Therefore, participants are required to have Articulate 360 installed on their PC (or Mac with Windows Interface E.g., Parallels), or the Articulate 360 free trial.

Course format and dates

Format and delivery: 3-day instructor-led, Virtual and In-Person sessions available.

Course Dates: Check our website for the latest dates [Articulate Storyline Training Dates](#)

All attendees will need:

A version of **Storyline installed** and ready to use

Check your system requirements on the link: [System Requirements](#)

A **good balance** of technical, hints and tips and how to navigate **Articulate Storyline 360**.

The trainer was **happy to support** where needed, very **patient** and **accommodating** us with demands we had on the days, also loved the stories and humour.

A **good few days** of face-to-face training, **thank you** from all of us.

Jane Hennequin

Learning & Development Lead, PIC

This is one of the **best trainings** I've attended. I really enjoyed the way it was delivered.

The trainer was clear, and his guidance was **easy to follow**. Articulate Storyline has a lot to offer, and the delivery of this training made it **interesting** and **uncomplicated**.

I am looking forward to using Storyline to create some engaging, **interactive** training materials.

Emma Haw

Administration Officer, Hampshire County Council

Expertise and Credentials

Your Trainers

The UK's only **certified Articulate Trainers**, with a combined experience of 20+ years of using Articulate Storyline.

The Trainers have worked closely with **Omniplex Learning Studio**, who are a team of digital learning creators and designers with a combined Storyline experience of 100+ years.

The Trainers have **absorbed** the best practices and ideas demonstrated by the Studio Team and have designed this course to share that knowledge, skill, and experience with our customers.

Included in your course

A personalised course completion **certificate** from Omniplex Learning.

A specially crafted **online library of resources** including training slides, best practice tips, videos and eLearning examples.

Access to the Omniplex Learning **Support Team** for any questions post-training.

Demonstrate your new skills in hands-on **live review** sessions with your trainer, receiving real-time feedback and guidance.

Exclusive access to **networking and learning events** with the Omniplex Learning Training Team and fellow training delegates.
